

Redbrick
Solutions

ONE CONNECTED PLATFORM. GREATER CONTROL.

Legal Case Management for Scottish Law Firms

Make legal work simpler with case management that saves time through document automation, task management and clearer reporting, helping your team keep matters moving.

SUPPORTING SCOTTISH LEGAL WORK

Manage Scottish matters with workflows and document templates that reflect the way your firm works.

LEGAL TECHNOLOGY, BUILT ON EXPERIENCE

Supporting law firms since 2001, with technology shaped around the people and processes behind legal work.

HERE WHEN YOU NEED US

Our UK-based team is on hand to answer questions, offer guidance and help you get the most from Redbrick.

Redbrick Solutions

ONE SYSTEM. MANY AREAS OF WORK

From conveyancing and family law to employment, commercial law, wills and continuing and welfare powers of attorney, Redbrick supports a wide range of legal work.

A BETTER CLIENT EXPERIENCE

Make client communication easier with tools that help your team share updates and keep clients informed as matters progress.

KEEP MATTERS ON TRACK

Manage key dates, tasks and deadlines to help your team stay on top of priorities and keep cases progressing.

Redbrick has made a noticeable difference to the way our residential team works, helping to streamline processes and making day-to-day management more efficient. The support from the team behind the system has been excellent.

Emma MacKenzie, Head of Operations Residential Conveyancing
Scotland at Gilson Gray
